

82nd Avenue Transit Project

Project Status (Planning Phase)

82nd Avenue Transit Project Alignment

- Approximate 10 mile alignment
- Southern terminus at Clackamas Town Center
- Northern Terminus at either Cully (*preferred*) or Parkrose Transit Center
- Same route as today's Line 72 between Clackamas Town Center and Sandy Boulevard
- New Line 72 will continue to serve Swan Island, terminating at the Parkrose Transit Center

82nd Avenue Transit Project Goals

- Improve transit speed, reliability, capacity, comfort and access
- Provide improved, reliable transit service for communities who depend on transit for everyday needs
- Provide safe access to transit within a constrained, high-injury corridor
- Leverage economic empowerment opportunities within the communities we serve.

82nd Avenue Transit

Design Team

- Lead: **KPFF**
- Key Team Consultants:
 - **Parametrix**
 - **Nelson/Nygaard**
 - **HDR**
 - **DKS**

Design Scope

- **15%** - Finalizing the LPA + Ensuring A Competitive Project
- **30% Phase** – Early Design Resolution – Informs NEPA
- **60% Phase** – Design Development + Constructability
- **90% Phase** – Construction Documents & Permitting
- **100% (IFC) Phase** – Final Construction and Pricing Set
- **Design Services During Construction (DSDC)** – Support for changes during Design Phase
